Caibidil 2 Forléargas ar Ollscoil na hÉireann, Gaillimh

Bunaíodh Ollscoil na hÉireann, Gaillimh mar Choláiste na Ríona, Gaillimh i 1845. Inniu tá níos mó ná 15,000 mac léinn cláraithe ina seacht nDámh: Dámh na nDán, na hEolaíochta, na Tráchtála, na hInnealtóireachta, an Leighis agus na nEolaíochtaí Sláinte, an Dlí, agus an Léinn Cheiltigh. Cuireann na Dámha ar fad cláir fochéime agus iarchéime ar fáil. Tá breis agus 1,500 ball foirne acadúil, gairmiúil agus tacaíochta fostaithe ag an Ollscoil.

Tá an príomhchampas suite ar an 260 acra cois abhann in aice le lár Chathair na Gaillimhe. Tá timpeallacht shóisialta agus chultúrtha i nGaillimh ina gcuirtear fálte roimh mhic léinn. Sa cheantar timpeall ar an Ollscoil tá Gaeltacht Chonamara, traidisiún shaibhre chultúrtha agus ealaíonta, cósta fairsing ar an Atlantach Thuaidh agus go leor ceantar atá súimiúil ó thaobh na héiceolaíochta agus na heolaíochta de, lena n-áirítear tírdhreach cáiliúil carstach Bhoirne.

Tharla forbairt mhear ar ghníomhaíocht taighde san Ollscoil le blianta beaga anuas agus fuarthas maoiniú suntasach de bharr tionscnaimh thábhachtacha a bheith idir lámha aici. Ina polasaí taighde thug an Ollscoil tosaíocht d'fhócas idirdhisciplíneach ar réimsí sonracha feabhas lena n-áirítear an Eolaíocht Mhuirí, Eolaíocht Innealtóireachta Bithmhíochaine, Leigheas Athghiniúnach, Léann na hÉireann, Dlí um Chearta an Duine, Lonnaíocht Dhaonna agus Athrú Stairiúil, Athrú Comhshaoil, agus Nuálaíocht agus Athrú Struchtúrach.

Cé gur Éireannaigh iad tromlach a cuid mac léinn, freastalaíonn mic léinn ó 43 thír eile ar an Ollscoil, agus feictear go bhfuil deis ann méadú a chur ar líon na mac léinn eachtrannach a nglactar leo san Ollscoil. Forbraíonn comhpháirtíochtaí Ollscoile, mar an Grúpa Coimbra agus a leithéid, an gréasán idirnáisiúnta agus timpeallacht ilchultúrtha san Ollscoil. Tabharfaidh an Ollscoil, freisin, faoi thionscnaimh bhreise a fhorbairt le comhpháirtithe i gComhghuaillíocht Ollscoileanna an Atlantaigh (AUA). Is cleachtas bunúsach in OÉ, Gaillimh an malartú idirnáisiúnta agus an taighde comhoibríoch atá ar siúl go leanúnach ar bhonn idirnáisiúnta, i ngach dámh agus ionad.

De bhrí gurb í an t-aon Ollscoil í i Réigiún

The following section, *Continuation of Positive Actions*, discusses the steps taken and being taken by National University of Ireland, Galway in relation to the provisions of these Acts.

2.2 Continuation of Positive Actions

The National University of Ireland, Galway has prioritised the promotion of the Irish language, both socially and academically, within and outside the University; this is set out in the *Strategic Plan for NUI, Galway 2003-2008* and the *Academic Plan 2003-2008, National University of Ireland, Galway*.

2.2.1 Strategic Plan for NUI, Galway 2003-2008

In the Executive Summary of the Strategic Plan, it is stated that the Strategic Plan is "... a clear statement of the strategic direction and the specific aims of the University for the next five years." The vision behind the Strategic Plan is:

"National University of Ireland, Galway is a student-centred and research-intensive University of international standing, with a faculty and staff committed to excellence, and with a particular commitment to the Gaeltacht regions and the Irish language community."

I bhfianaise na físe sin, leagtar síos seacht dtosaíocht straitéiseach don Ollscoil agus baineann dhá cheann de na tiomantais sin le forbairt agus le cur chun cinn na Gaeilge.

Tosaíocht Straitéiseach 5: Fócas ar dhiminsean na Gaeilge

Tá an bhéim sa Tosaíocht Straitéiseach seo ar bhealaí nuálacha, praiticiúla a cheapadh agus a sheachadadh chun go gcomhlíonfar, ar an tslí is fearr is féidir, ról speisialta na hOllscoile ó thaobh tacú leis an nGaeilge mar theanga bheo in ardoideachas agus i léann.

Ar na tionscnamh shonracha atá luaite tá struchtúr nua, comhtháite - Acadamh na hOllscolaíochta Gaeilge - a bhunú taobh istigh den Ollscoil, chun cláir acadúla trí Ghaeilge a phleanáil agus a chur i bhfeidhm, cláir a bheidh ag freastal ar riachtanais oideachais agus forbartha an phobail; tuilleadh forbartha ar ionaid Ghaeltachta na hOllscoile i nGaillimh agus i nDún na nGall; cultúr eífeachtach, dátheangach cumarsáide a bheith tugtha i gcrích ar an gcampas; agus athbhreithniú ar ionstraimí - reachtúil agus eile - na hOllscoile i gcomhthéacs chuspóirí na hOllscoile sa réimse seo. Leagann an Plean Straitéiseach síos spriocanna atá le baint amach i dtaca leis an Tosaíocht Straitéiseach laistigh de thréimhse ama an Phlean agus tá siad sin, mar aon le hábhar iomlán na Tosaíochta Straitéise sin le fáil in Aguisín 1 a ghabhann leis an Scéim seo.

Tosaíocht Straitéiseach 4: An obair a dhéanaimid ar leibhéal náisiúnta agus réigiúnacha a uasmhéadú

Tá cáil den scoth ar OÉ, Gaillimh toisc a cuid oibre ar leibhéal náisiúnta agus réigiúnacha chomh maith lena cúram faoi leith d'fhorbairt réigiún na Teorann, Lár Tíre agus an Iarthair. Leanfaidh an Ollscoil uirthi ag soláthar agus ag cothú na ceannaireachta sin trí mhéadú a chur ar a cuid clár cianoideachais, oideachais for-rochtana agus rochtana féin, chomh maith lena gníomhaiochtaí forbartha eile, agus trí atreisiú

In light of this vision, seven strategic priorities are established for the University and two of these priorities relate to the development and promotion of the Irish language.

Strategic Priority 5: Focus on the Irish language dimension

The emphasis in this Strategic Priority is on devising and delivering innovative and practical ways in which the University's special role in supporting Irish as a living language in higher education and scholarship can best be achieved.

Specific initiatives include the establishment of a new, integrated structure - Acadamh na hOllscolaíochta Gaeilge - within the University, to plan and implement academic programmes through Irish, responsive to the community's educational and developmental needs; the further development of the University's Gaeltacht centres in Galway and Donegal; the achievement of an effective bilingual communications culture on campus; and the review of the instruments - statutory and other - of the University in the context of the University's objectives in this area. The Strategic Plan sets out objectives to be achieved under the Strategic Priority within the time-frame of the Plan and these objectives, and the complete text of this Strategic Priority, are provided in Appendix 1 of this Scheme.

Strategic Priority 4: Maximise our contribution at national and regional levels

NUI, Galway has an outstanding record of contributing at national and regional levels as well as a particular commitment to the

2.2.2 Plean Acadúil Ollscoil na hÉireann, Gaillimh 2003-2008

Cuireadh an Plean Acadúil 2003-2008 le chéile tar éis próiseas mionsonraithe, leathan comhairleach laistigh d'Ollscoil na hÉireann, Gaillimh. Bhí baint ag na déin, riarthóirí sinsearacha agus baill de dhámha éagsúla san Ollscoil leis an bpróiseas agus d'oibrigh siad sin go dlúth le grúpa pleanála faoi stiúir an Mheabhránaí agus Uachtaráin Ionaid. Rinneadh forbairt ar an bPlean Acadúil mar chuid d'fhorbairt an Phlean Straitéisigh reatha don Ollscoil. Maidir leis na gnéithe acadúla atá luaite sa Phlean Straitéiseach, déantar mionphlé orthu sa Phlean Acadúil, agus cabhróidh cur i gcrích an Phlean Acadúil lena chinntí go n-éireoidh le hOÉ, Gaillimh spriocanna an Phlean Straitéisigh a bhaint amach.

Ar na dúshláin acadúla is tábhachtaí atá roimh OÉ, Gaillimh aithnítear sa Phlean Acadúil:

- Aird faoi leith a thabhairt ar riachtanais chúlchríoch na hOllscoile agus ar phobal na Gaeilge agus cláir foghlama agus gníomhaíochtaí taighde á bhforbairt aici.
- Spreagadh a thabhairt d'fhorbairt campais dhátheangaigh trí thacaíocht a thabhairt do thionscainmh mar an Dioplóma sa Ghaeilge.
- Oibriú le gníomhaireachtaí éagsúla an Stáit chun cistiú a fháil chun go gcuirfear i bhfeidhm go hiomlán cinneadh na hOllscoile Acadamh na

development of the Border, Midlands and Western region. The University will continue to provide and renew that leadership by expanding its distance learning, educational outreach and access programmes and other developmental activity, and by reinforcing its network of partnership with the other third-level institutions and developmental agencies in the region, such as the Health Service Executive, Údarás na Gaeltachta, the IDA, Enterprise Ireland and FÁS.

2.2.2 Academic Plan 2003-2008, National University of Ireland, Galway

The Academic Plan 2003-2008 has been produced following a detailed and extensive consultative process within National University of Ireland, Galway. It has involved the deans, senior administrators and members of the various faculties in the University, working closely with a planning group under the direction of the Registrar and Deputy-President. The development of the Academic Plan proceeded as part of the development of the current Strategic Plan for the University. Academic issues addressed in the Strategic Plan are discussed in detail in the Academic Plan, and the implementation of the Academic Plan will help to ensure that NUI, Galway meets the goals of its Strategic Plan.

The academic challenges facing NUI Galway and recognised in the Academic Plan include:

- Paying particular attention to the needs of the hinterland and the Irish language community in developing programmes of learning and research activities.
- Encouragement of the development of a bilingual campus through support for initiatives such as the Dioplóma sa Ghaeilge.

hOllscolaíochta Gaeilge a bhunú.

Sonraíonn an Plean Acadúil sé Théama Tosaíochta chun treoir a thabhairt don phleanáil acadúil i rith théarma an Phlean. Arís eile tá áit lárnach ag an nGaeilge agus ag cur chun cinn na Gaeilge i dtrí cinn de na téamaí sin, eadhon Téama Tosaíochta A. Cláir Foghlama; Téama Tosaíochta E. Ceannaireacht i bhFreastal ar an bPobal agus Téama Tosaíochta F. Eagrúchán Acadúil agus Ceisteanna a bhaineann le Comhalaí Förne.

Téama Tosaíochta A: Cláir Foghlama:
Ceann de na haidhmeanna a shonraítear faoin Téama Tosaíochta seo ná:

A3: Cláir Nuálaíocha trí Mheán na Gaeilge a Fhorbairt

Forbróidh agus soláthróidh an Ollscoil cláir nuálaíocha trí mheán na Gaeilge ag gach leibhéal, cláir a fhreastalaíonn ar riachtanais na Gaeltachta agus phobal na Gaeilge, agus a mbeidh tacaíocht acu ó struchtúir chuí acadúla, riarracháin agus acmhainní.

An réasúnaíocht atá taobh thiar den aidhm sin ná:

Cruthaíonn forbairtí a tharla le gairid sa Ghaeltacht agus i bpobal na Gaeilge deiseanna agus dúshláin chun go mairfidh an Ghaeltacht agus go bhforbróidh an Ghaeilge sa thír ina hiomláine. Áirítear orthu sin forbairtí san oideachas trí mheán na Gaeilge ag leibhéal bunscoile agus ag an dara leibhéal, an fhobairt ar sheirbhísí craolacháin trí mheán na Gaeilge agus an fhobairt ar dheiseanna fostáiochta tionsclaíocha agus teicneolaíocha. Agus í suite ar imeall Ghaeltacht na Gaillimhe, tá ról príomhúil ag an Ollscoil maidir le tacaíocht agus éascaíocht a

- Working with the various agencies of the State to secure funding to fully implement the recent decision of the University to establish Acadamh na hOllscolaíochta Gaeilge.

The Academic Plan sets out six Priority Themes to give direction to academic planning during the term of the Plan. Once again, the Irish language and the promotion of Irish language use is a central element of three of these six themes, namely: *Priority Theme A. Programmes of Learning*; *Priority Theme E. Leadership in Serving Community*; and *Priority Theme F. Academic Organisation and Staff Issues*.

Priority Theme A: Programmes of Learning: The aims stated under this Priority Theme include:

A3: Develop Innovative Irish-Medium Programmes

The University will develop and deliver innovative Irish-medium programmes at all levels which meet the needs of the Gaeltacht and the Irish language community and are supported by appropriate academic, administrative and resource structures.

The reasoning on which this aim is based is stated as:

Recent developments in the Gaeltacht and the Irish language community pose opportunities and challenges for the survival of the Gaeltacht and the development of the Irish language in the country as a whole. These include developments in Irish-medium education at primary and second level, the development of Irish-medium broadcasting services and the

trí ghníomhaíochtaí
cuimsitheacha teagaisc agus
taighde a sholáthar.

Ina theannta sin, luaitear i gCuspóir A3.1:

Struchtúir chuí a bhunú chun straitéis forbartha na hOllscoile a chur i bhfeidhm d'oideachas trí mheán na Gaeilge, agus maoiniú a fháil don tionscnamh sin.

Téama Tosaíochta E: Ceannaireacht i bhFreastal ar an bPobal

Tá dhá phríomhaidhm straitéiseacha sonraithe ag an Ollscoil faoin téama seo, eadhon, *E1: Ceannaireacht Acadúil a Leathnú* agus *E2: Cur le Forbairt Phobail*. Faoin dara cuspóir, E2, is éard atá luaite sa Phlean Acadúil ná:

Tacóidh an Ollscoil le forbairt shóisialta, chultúir, eacnamaíoch, eolaíochta agus theicniúil an phobail ar fud na tíre ina hiomláine, trí chlárí for-rochtana agus thaighde atá inrochtana a chur ar fáil agus cuirfidh sí struchtúir úrnua acadúla i bhfeidhm nuair is gá. Rachaidh an Ollscoil i mbun na hoibre sin laistigh den Ghaeltacht agus de phobal na Gaeilge go háirithe.

Is é an réasúnaíocht a aithnítear a bheith leis an gcuaspóir seo ná:

Is gníomhaire tábhachtach é an Ollscoil atá ag comhlíonadh a dualgais maidir le freastal agus forbairt a dhéanamh ar an pobal ina réigiún agus go náisiúnta, agus tá cúram faoi leith uirthi

development of industrial and technological employment opportunities. In its location on the periphery of the Galway Gaeltacht, the University has a primary role in supporting and facilitating these developments by providing comprehensive teaching and research activities.

Furthermore, Objective A3.1 states:

Establish appropriate structures for implementing the University's development strategy for Irish-medium education, and obtain funding for this initiative.

Priority Theme E: Leadership in Serving Community

The University sets out two key strategic aims under this theme as follows: *E1: Expand Academic Leadership* and *E2: Contribute to Community Development*. Under the latter, E2, the Academic Plan states:

The University will contribute to the social, cultural, economic, scientific and technical development of the community throughout the country as a whole, through accessible outreach programmes and research, adopting fresh academic structures where necessary. The University will pursue these aims within the Gaeltacht and the Irish language community in particular.

The rationale behind this objective states:

maidir leis an nGaeltacht agus le pobal na Gaeilge. Tá sé mar aidhm ag an Ollscoil a feidhmíocht maidir leis an bpobal a fheabhsú trí chlársholáthar nuálaíoch, rochtain fheabhsaithe do mhic léinn neamhthraidiúnta, cláir for-rochtana, struchtúir do dhul chun

cinn acadúil, taighde agus seirbhís trí Ghaeilge, agus úsáid a bhaint as struchtúir acadúla úrnua nuair atá gá leo. Tugann Acadamh na hOllscolaíochta Gaeilge agus pleannan na hOifige um Oideachas Aosach agus Leanúnach aghaidh ar na saincheisteanna sin. Feidhmíonn "príomhshruthú" acadúil na eirbhísi sin mar chuid dhílis d'fhócas an téama straitéisigh agus ag an am céanna, ceadaíonn sé an tsolúbthacht fhiontraíoch atá riachtanach.

Ar na cuspóirí eile faoin téama seo a léiríonn cúram na hOllscoile i leith na Gaeilge agus an áit lárnach atá ag an nGaeilge i saol na hOllscoile tá:

Cuspóir E2.1

Seirbhís leathan acadúil náisiúnta Gaeilge a chur ar fáil trí chomhpháirtíocht agus saineolas acadúil, mar aon leis an mbainistíocht agus an cumas for-rochtana atá riachtanach.

Cuspóir E2.2

Saineolas a bheadh ar thús cadhnaíochta go domhanda a fhurbairt maidir le pobail mhionteanga a chothú agus a fhurbairt.

Cuspóir E2.3

Beartais nua a fhurbairt agus struchtúir acadúla a

The University is a significant actor discharging its duty of service and development to the Community in its region and nationally, with particular reference to the Gaeltacht and the Irish Language community. The University aims to improve its performance *vis à vis* the community through innovative programming, improved access for non-traditional students, outreach programmes, ladders of academic progression, research and Irish-language service, using fresh academic structures where necessary. Acadamh na hOllscolaíochta Gaeilge and the plans of the Adult and Continuing Education Office address these issues. The academic "mainstreaming" of these services, while allowing the necessary entrepreneurial flexibility, forms an integral part of the focus of this strategic theme.

Other objectives under this theme which evidence the University's commitment to the Irish language and the central role of the Irish language in University life, include:

Objective E2.1

Provide a broad ranging, national Irish language academic service through partnership and academic expertise, together with the necessary management and outreach capability.

Objective E2.2

F. Academic Organisation and Staff Issues

The aims stated by the University under this
Theme include:

F7: Support the Continued Development of Support Services and Gaeilge Labhartha

The University will continue to develop
technical and administrative support services
for academic departments and the services of
Gaeilge Labhartha.

This objective is informed by the following
reasoning:

Acadúil indéanta go hiomlán in éagmasí seirbhísí cuí tacaíochta ar ardchaighdeán don earnáil acadúil, agus oiliúint ar chomhaltaí foirne sa Ghaeilge labhartha.

I bhfianaise an méid sin leag an Ollscoil an cuspóir seo a leanas síos:

Cuspóir F7.4

Leanúint ar aghaidh ag tabhairt tacaíochta d'fheabhsúcháin ar scileanna Gaeilge, agus d'oiliúint Ghaeilge na gcomhaltaí foirne agus na mac léinn.

Sonraítear ocht dtionscnamh chun aghaidh a thabhairt ar ghnéithe sonracha den Phlean Acadúil agus, arís eile, tá cur chun cinn na Gaeilge i measc na dtionscnamh sin, mar atá:

Acadamh na hOllscolaíochta Gaeilge a Bhunú

Tacaíocht stáit a lorg chun na hacmhainní cuí a fháil don struchtúr ar glacadh leis le gairid chun seirbhís acadúil ar ardchaighdeán a chur ar fáil don Ghaeltacht agus do phobal na Gaeilge trí chomhpháirtíocht agus forrochtain. Oibriú le pobail áitiúla chun deiseanna a lorg le cláir a sheachadadh trí Ghaeilge.

2.2.3 Pleanáil do Champus Eiseamláireach Dátheangach

In 2003, ghlac an Ollscoil creat beartais ar mhaithe le campas eiseamláireach dátheangach a bhaint amach. Cuimsítear sa chreat beartais sin:

i Comhfhireagras oifigiúil de chuid na hOllscoile;

The objectives of this Academic Plan are not fully realisable in the absence of appropriate high-quality academic support services, and the training of staff in spoken Irish.

In this regard, the University has set down the following objective:

Objective F7.4

Continue to support improvement of Irish-language skills, and Irish-language training of staff and students.

Eight initiatives are identified to address particular aspects of the Academic Plan and feature, among other elements, the promotion of the Irish language:

Establish Acadamh na hOllscolaíochta Gaeilge

Seek state support to properly resource the recently agreed structure for delivering a quality academic service to the Gaeltacht and Irish-Language community through partnership and outreach. Work with local communities to seek opportunities for programmes to be delivered through Irish.

2.2.3 Planning for an Exemplary Bilingual Campus

In 2003, the University adopted a framework policy for the achievement of an exemplary bilingual campus, covering:

- ii Comharthaíocht ar an gcampas;
 - iii Cumarsáid ó bhéal;
 - iv Oiliúint foirne sa dátheangachas;
 - v Faisnéis do mhic léinn;
- agus
- vi Foilseacháin na hOllscoile.

2.2.4 An Oifig Aistriúcháin

Bunú

Bunaíodh an Oifig Aistriúcháin faoin dreach atá uirthi faoi láthair i mí Lúnasa 2001 chun leanúint leis an tseirbhís aistriúcháin a bhí á soláthar idir 1999 ar aghaidh agus chun an tArd-Dioplóma / M.A. i Staidéar an Aistriúcháin, a bhí ar na bacáin an t-am sin, a reáchtáil agus a chur i láthair den chéad uair. Tá ceathrar fostaithe san Oifig i láthair na huaire: Riarthóir an Aonaid agus triúr Feidhmeannaigh Aistriúcháin.

An tSeirbhís Aistriúcháin

D'éisigh leis an Oifig an tSeirbhís Aistriúcháin don Ollscoil agus don earnáil tráchtala a fhorbairt agus láimhsítear thart faoi 450,000 focal in aghaidh na bliana anois, idir aistriúchán agus phrofáil. Faoi mar a tuairiscíodh roimhe seo, tá sé mar aidhm straitéiseach ag an Ollscoile campas eiseamláireach dátheangach a thabhairt i gcrích, agus baineann an-tábhacht go deo leis an tSeirbhís Aistriúcháin ó thaobh an aidhm sin a chomhlíonadh.

Cé go bhfuil caighdeán cumarsáide Gaeilge ag céatadán réasúnta ard d'fhoireann acadúil agus riarracháin na hOllscoile, is beag díobh sin a bhfuil cruinneas sách ard sa Ghaeilge scríofa acu le go mbeidís in ann ábhar teagaisc nó cáipéisíocht riarracháin trí Ghaeilge a scríobh go héifeachtach, agus bíonn na comhaltaí foirne sin i dtuilleamaí na hOifige lena ngnóthaí scríofa trí Ghaeilge a dhéanamh. Tá comhaltaí foirne eile ann nach bhfuil aon

- i Official University correspondence;
 - ii Signage on campus;
 - iii Oral communication;
 - iv Staff training in bilingualism;
 - v Student information;
- and
- vi University publications.

2.2.4 An Oifig Aistriúcháin

Establishment

An Oifig Aistriúcháin, in its current make-up, was established in August 2001 to continue the translation service provided since 1999 and to administer and deliver, for the first time, the proposed Ard-Dioplóma / M.A. i Staidéar an Aistriúcháin programme. The Oifig comprises four members of staff – the Unit Director and three Feidhmeannaigh Aistriúcháin.

The Translation Service

The Oifig succeeded in developing a Translation Service for the University and for the commercial sector and currently deals with approx. 450,000 words per year, involving both translation and proofreading work. As already mentioned, the University aims to achieve an exemplary bilingual campus, and the Translation Service is central to the achievement of this aim.

Although a significant percentage of University academic and administrative staff have the ability to communicate through Irish, their written Irish language accuracy may not be sufficient to effectively produce teaching material and administrative documents, and therefore these members of staff rely on the Oifig for assistance with the production of written material. Other members of staff have

chumas nó mórán cumais acu sa Ghaeilge agus bíonn siadsan ag brath go hiomlán ar an Oifig chun freastal a dhéanamh ar na codanna sin dá gcuid oibre lena mbaineann seirbhís trí Ghaeilge a sholáthar.

Déanann an Oifig Aistriúcháin éascaíocht, dá bhrí sin, don éileamh ar ábhar riarracháin agus teagaisc scríofa i nGaeilge i measc chomhluadar na hOllscoile agus tugann sí tacaiocht láidir don chumarsáid scríofa chun cur le leibhéal ard na cumarsáide Gaeilge ó bhéal a bhaineann leis an gcampas.

Tá an chosúlacht air go dtiocfaidh méadú as cuimse ar réimse oibre na hOifige Aistriúcháin faoin Scéim seo faoi Acht na dTeangacha Oifigiúla i.e. láithreáin ghréasáin de chuid na hOllscoile le haistriú go Gaeilge, foirmeacha, cáipeáisí ilchineálacha, etc. Lena chois sin, is cinnte go dtiocfaidh méadú mór ar an éileamh ar ábhar teagaisc a astriú go Gaeilge de réir mar a bheidh méadú ag teacht ar na cláir léinn a bheidh á dtairiscint ag Acadamh na hOllscolaíochta Gaeilge sna blianta romhainn (féach Caibidil 4 thíos). Dá bharr sin uile, is féidir bheith ag súil leis go mbeidh suas lena thrí oiread oibre idir lámha ag an tSeirbhís Aistriúcháin as seo go ceann dhá bhliain nó mar sin le hais mar atá faoi láthair. Beidh an tSeirbhís Aistriúcháin breá sásta déileáil leis an bhforbairt seo ach na hacmhainní cuí a bheith ar fáil di.

An Réimse Léinn

Tá an tArd-Dioplóma / M.A. i Staidéar an Aistriúcháin á sholáthar faoi scáth na hOifige i gcomhar le Scoil na Gaeilge ó 2001 i leith agus tá ag éirí thar cionn leis ó thaobh aistritheoirí gairmiúla a oiliúint do mhargadh an aistriúcháin. Mar thoradh ar éileamh ó dhaointe i bhfostaíocht lánaimseartha, cuireadh túis le cursa páirtaimseartha oíche in 2004 – an Dioplóma sna Dána (Scileanna Aistriúcháin) – agus cláraíodh 28 mac léinn don chéad bhliain in dhá ionad – príomhchampas na hOllscoile agus Seanscoil Shailearna, Indreabhán. Tá sé i gceist ag an Oifig an clár sin a chur ar fáil i gceantair Ghaeltachta Chorca Dhuibhne agus Ghaoth Dobhair i mí Mheán Fómhair 2005.

Tá sé beartaithe ag an Oifig Léann an

little or no competency in the Irish language and rely completely on the Oifig to provide for the services which they deliver through the medium of Irish.

An Oifig Aistriúcháin, therefore, facilitates the requirement for Irish language written academic and administrative material within the University and supports written communication in order to complement the high level of oral Irish communication associated with the campus.

It is likely that the workload of An Oifig Aistriúcháin will increase significantly due to the production of this Scheme under the Official Languages Act, i.e. translation of University websites, forms, miscellaneous documents, etc. In addition, an increase is expected in the demand for the translation of teaching material as the number of courses delivered by Acadamh na hOllscolaíochta Gaeilge increases in the coming years (see Chapter 4 below). The consequence, therefore, is an expected threefold increase in the volume of work carried out by the Translation Service within the next two years. The Translation Service of An Oifig Aistriúcháin will be happy to accommodate this development subject to the provision of appropriate resources.

Academic Programmes

The Ard-Dioplóma / M.A. i Staidéar an Aistriúcháin has been delivered under the auspices of the Office in conjunction with Scoil na Gaeilge since 2001 and has succeeded in producing qualified translators for the translation market. Following requests from individuals in fulltime employment, a part-time evening course – Dioplóma sna Dána (Scileanna Aistriúcháin) – commenced in 2004 with 28 students registered in two locations – the main University campus and Seanscoil Shailearna, Indreabhán – for the first year of

Aistriúcháin a chur ar fáil mar ábhar don B.A. ón m bliain 2006 ar aghaidh, rud a chiallaíonn go mbeidh Ollscoil na hÉireann, Gaillimh ar an gcéad ollscoil sa tír a mbeidh an t-ábhar sin á sholáthar aici i gcomhair bunchéime. Lena chois sin, tá modúl in Áiseanna Téarmaíochta agus Aistriúcháin á fhorbairt ag an Oifig i láthair na huair le cur os comhair na Dáimhe mar chuid de chláir léinn.

Rachaidh na cúrsaí léinn sin chun tairbhe fheidhmiú Acht na dTeangacha Oifigiúla amach anseo sa mhéid is go bhfuiltear ag cur daoine ar fáil a bhfuil sainscileanna sealbhaithe acu a chuirfidh ar a gcumas cuidiú le comhlíonadh an Acharta.

Tá sé i gceist ag an Oifig, freisin, an réimse léinn agus taighde lena mbíonn sí ag plé a leathnú chun réimse na Pleanála Corpais a thabhairt san áireamh. Is réimse é seo a mbeidh an-tábhacht leis sna blianta romhainn mar gheall ar an bhforbairt atá ag teacht ar réimse na foclóireachta agus na forbartha corpais.

2.3 Measúnú ar a mhéad atá seirbhísí cheana féin trí Ghaeilge

Is é príomhaidhm an Acharta a chinntíú go mbeidh seirbhísí poiblí ar fáil níos fairsinge trí Ghaeilge agus go mbeidh caighdeán níos airde ag baint leo. Maidir leis sin, soláthraíonn an Ollscoil cuid mhór seirbhísí cheana féin trí Ghaeilge nó go dátheangach ach d'fhoinn léargas níos mine a fháil air seo rinneadh tsuirbhé ar gach Roinn/Aonad/Oifig riarracháin agus acadúil san Ollscoil ag túis na bliana 2005.

Nuair a rinneadh anailís ar thorthaí an tsuirbhé, chonacthas don Ollscoil go bhfuil ag éirí go maith léi cheana féin seirbhísí a chur ar fáil trí Ghaeilge sna príomhréimsí agus léiríodh freisin na réimsí dá gcaitear pleánail a dhéanamh chun an soláthar seirbhísí trí Ghaeilge a fheabhsú.

the course. An Oifig Aistriúcháin intends to offer this course in the Gaeltacht areas of Corca Dhuibhne and Gaoth Dobhair in September 2005.

The Office proposes to offer Léann an Aistriúcháin (Translation Studies) as a B.A. degree subject from 2006. This will mean that National University of Ireland, Galway will be the first university in Ireland to provide a translation studies course at undergraduate level. In addition, the Office is developing a module in Áiseanna Téarmaíochta agus Aistriúcháin at present for Faculty approval.

These courses will facilitate the future implementation of the Official Languages Act by virtue of the fact that individuals are taught skills which will facilitate compliance with the Act.

The Office intends, also, to expand its research and teaching activities to include Corpus Planning. This area will be of great significance in the coming years given the developments in lexicography and corpus development.

2.3 Assessment of the extent to which services are already available through Irish

The primary objective of the Act is to ensure better availability and a higher standard of public services through Irish. In this regard, the University already provides services through the medium of Irish or bilingually to a substantial extent. In order to evaluate the extent of this, a survey was conducted in every academic and administrative Department/Unit/Office in the University in early 2005.

An analysis of the survey revealed that the

University is succeeding in providing services through the medium of Irish in key areas and those areas which require further planning to improve Irish language service provision were highlighted.

2.4

Custaiméirí agus Cliant

Tá idir chustaiméirí inmheánacha (mic léinn na hOllscoile) agus chustaiméirí seachtracha (an pobal níos leithne) i measc chliaint na hOllscoile. Áirítear orthu seo pobal na Gaeltachta agus pobal labhartha na Gaeilge agus faoi mar a luadh roimhe seo is é cuspóir na hOllscoile seo freastal ar an nGaeltacht agus ar phobal na Gaeilge agus campas eiseamláireach dátheangach a chruthú.

Tá dhá phríomhréimse ina bhfreastalaíonn an Ollscoil ar na custaiméirí/claint seo, mar atá, riarrachán agus léann. Tá cúram na hOllscoile i leith na Gaeilge sa dá réimse sin le brath go láidir ó na cáipeáisí ar fad atá luaite go dtí seo agus is féidir a fheiceáil go soiléir go bhfuil céimeanna glactha agus á nglacadh ag an Ollscoil chun an freastal is fearr is féidir a dhéanamh ar an nGaeltacht agus ar phobal na Gaeilge. Pléifear an taobh acadúil níos faide amach sa Scéim seo ach síreofar ar dtús ar na ranna riarracháin, a mbíonn go leor teaghmhála acu le custaiméirí/claint na hOllscoile, idir inmheánach agus sheachtrach. Is mar seo a leanas a bheidh seirbhísí ar fáil ó oifigí/aonaid riarracháin Ollscoil na hÉireann, Gaillimh:

2.4

Customers and Clients

The University has both internal (university students) and external (the general public) clients. This includes the Gaeltacht and Irish speaking community and as already stated it is the objective of this University to serve the Gaeltacht and the Irish-speaking community and to create an exemplary bilingual campus.

The University attends to both the administrative and academic needs of its customers/clients. The University's commitment to both is evident from the documents discussed heretofore and it is also evident that the University has taken and is taking measures to serve to the best of its ability the Gaeltacht and the Irish-speaking community. The academic aspect will be discussed later in this Scheme while we now focus on the administrative departments, as these have a high level of contact with both internal and external customers/clients of the University. Services provided by administrative offices/units in the National University of Ireland, Galway will be as follows:

It cannot be guaranteed at this stage that service will be available in Irish and English from services other than those named above. The University will, during the period of this Scheme, facilitate those offices/units in the formulation of an Irish Language Plan to address their service provision through the medium of Irish. It is envisaged that over the course of time such offices/units will become an integral part of the University's Exemplary Bilingual Campus Strategy and will be incorporated into future Schemes as they develop their Irish language service provision.

Déanfar foráil sa phróiseas earcaíochta chun lón na gcomhaltaí foirne atá inniúil sa Ghaeilge a mhéadú agus cuirfear cúrsaí ar fáil, faoi choimirce Acadamh na hOllscolaíochta Gaeilge, i labhairt agus i scríobh na Gaeilge don fhoireann. Eascaíonn sé seo as an dualgas reáchtúil atá ar an Ollscoil, faoi Acht Choláiste Phriomh-Scoile na Gaillimhe, 1929 agus as ceantar láidir Gaeltachta a bheith suite ar thairseach na hOllscoile. Chapter 4 Studies through the medium of Irish

4.1 Teaching through Irish

National University of Ireland, Galway has, since the late 1920s, a strong tradition of the development and delivery of university courses through the medium of Irish. This stems from the statutory obligation placed on the University by the University College Galway Act, 1929, and from the fact that the University is situated close to a strong Gaeltacht area. In addition, there is a long tradition of students from the country's Gaeltacht areas attending this University.

Acadamh na hOllscolaíochta Gaeilge, Scoil na Gaeilge and certain other academic departments provide a range of courses through the medium of Irish. The range and number of these programmes will be expanded as resources become available.

4.2 Acadamh na hOllscolaíochta Gaeilge

As set out in Strategic Priority 5 of the University Strategic Plan at 2.2 above "Specific initiatives include the establishment of a new, integrated structure - Acadamh na hOllscolaíochta Gaeilge - within the University, to plan and implement academic programmes through Irish, responsive to the community's educational and developmental needs..."

An tAcadamh has now been established and the Acadamh's document of incorporation states that its mission and objective are as follows:

1. MISSION

Through means of academic activities and university research, to promote and exhibit innovation among the Irish language community, within the Gaeltacht areas and outside those areas. This innovation will enhance the social, cultural, economic and language development of those communities and of people of Ireland in general.

2. OBJECTIVE:

The sustainable development of university courses, research,

agus ar ghníomhaíochtaí ollscoile eile trí mheán na Gaeilge agus iad a sheachadadh agus a riadaradh.

Struchtúir agus Cur Chuige Nua a Fhorbairt chun Tacú le Forbairt Inmharthana an Teagasc agus Gníomhaíochtaí Taighde trí Ghaeilge

Cruthaonn forbairtí a rinneadh le gairid sa Ghaeilteach agus i bpobal na Gaeilge deiseanna agus dúshlán chun go mairfidh an Ghaeilteach agus go bhforbróidh an Ghaeilge sa tir ina hiomláine. Áiritear orthu sin forbairtí san oideachas trí mheán na Gaeilge ag leibhéal bunscoile agus ag an dara leibhéal, an fhorbairt ar sheirbhísí craoltóireachta trí mheán na Gaeilge agus an fhorbairt ar dheiseanna fostaochta tionscláiocha agus teicneolaiocha. Tá an Ollscoil tiomanta le fada an lá do chlárí acadála a chur ar fáil trí mheán na Gaeilge. Ciallaonn oibleagáid reachtaí na hOllscoile faoi Acht Choláiste Phrionsa-Scoile na Gaillimhe, 1929, maidir le húsáid na Gaeilge mar theanga oibre san Ollscoil agus suíomh na hOllscoile arimeall an phobail Ghaeilteachta is mó agus is láidre, go bhfuil ról príomha ag an Ollscoil tacú leis na forbairtí sin agus éascaíochta a dhéanamh dóibh. As sin tháinig réimse cleachtas

agus tionscnamh chun tacú le forbairt na Gaeilge san Ollscoil agus i socháil na hÉireann ina hiomláine. Áiritear orthu sin cursaí dioplóma, céime agus iarchéime a sholáthar trí mheán na Gaeilge, forbairt ar ionaid oideachais sa Ghaeilteach agus tacaolach d'fhorbairt champais dhátheangaigh eisearmáraigh. Cuirtear na gníomhartha atá molta maidir leis an tosaíocht straitéiseach sin i láthair faoi thrí cheannteideal leathana:

- Acadamh na hOllscolaíochta Gaeilge (Structúrach)
- Teagasc trí Ghaeilge (sainiúil)
- Forbairt ar chumas dátheangach (uleghabhálaí)

5.1 Acadamh na hOllscolaíochta Gaeilge

Sa bhliain 2000, rinne an Ollscoil athbhreithniú mór ar a cuid gníomhaíochtaí sa réimse seo. Ba é a thoradh sin go ndearnadh plean straitéiseach nua a ullmhú d'fhorbairt na hOllscolaíochtaí tri Ghaeilge, pleán a cuireadh faoi bhráid an Rialtais. Is é an aidhm atá ann ná an earnáil sin a fhorbairt ar bhealach fócasaithe agus inmharthana. Is é an fealsúnacht atá mar dhúshraith ag an straitéis ná mian OÉ Gaillimh soláthar a dhéanamh do riachtanais shainiúla na

Strategic Priority 5

Develop New Structures and Approaches to Support the Sustainable Development of Irish-medium Teaching and Research Activities

Recent developments in the Gaeltacht and the Irish language community pose opportunities and challenges for the survival of the Gaeltacht and the development of the Irish language in the country as a whole. These include developments in Irish-medium education at primary and second level, the development of Irish-medium broadcasting services and the development of industrial and technological employment opportunities. The University has a long-standing commitment to the provision of academic programmes through Irish. Its statutory obligation under the University College Galway Act, 1929, in respect of the use of the Irish language as a working language in the University and its location on the periphery of the largest and strongest Gaeltacht community, means the University has a primary role in supporting and facilitating these developments. This has led to a range of practices and initiatives to support the development of the Irish language in the University and in the wider society as a whole. These include the delivery of diploma, degree and post-graduate courses through the medium of Irish, the development of education centres in the Gaeltacht

and support for the development of an exemplary bilingual campus. Proposed actions in relation to this strategic priority are presented under three broad headings:

- Acadamh na hOllscolaíochta Gaeilge (structural)
- Teaching through Irish (specific)
- Development of a bilingual campus (overarching)

5.1 Acadamh na hOllscolaíochta Gaeilge

In the year 2000, the University carried out a major review of its activities in this area. This has resulted in the preparation of a new strategic plan for the development of Irish-medium University education, which has been submitted to Government. The aim is to develop this sector in a focused and sustainable way. Its underlying philosophy is the desire of NUI Galway to provide for the specific needs of Irish speakers and Gaeltacht communities, through the promotion of academic programmes, courses and research activities in subject areas that are seen as being of over-riding importance to their future development, and through initiatives in other related areas. The development strategy aims to increase the Irish-medium educational opportunities available to Irish speakers, in the Gaeltacht and throughout the country, and to contribute in a positive manner to the social,

gcainteoir Gaeilge agus na bpobal Gaeltachta, trí chláir, cursáil agus gníomhaiochtai taighde acadóla a chur chun cinn, i réimsí a bhealú fiorthábhacht uileghabhalach ag baint leo dá dtodhcháit féin, agus trí thionscnaimh i réimsí eile dá leithéid a chur ar bun chornáth maith. Dírionn an straitéis forbartha ar dheiseanna oideachais atá ar fail trí mheán na Gaeilge do chainteoirí Gaeilge a mhéadú, sa Gháeltacht agus ar fud na tire agus cur, ar bhealach dearfach, le saol sóisialta, eacnamaíoch, cultúrtha agus teangeolaíoch a bpobal agus na tire. Tá forbairt ar mhúnla oideachais tríú leibhéal rithábhachtach d'fhís na hOllscoile sa réimse seo, múnla ar féidir le pobal milteangacha eile aithris a dhéanamh air mar uirlis dá bhforbairt inmharrthana féin.

Lena chinntíú go mbeidh rath ar chur i bhfeidhm na straitéis forbartha seo, tá gá le machnamh iomlán a dhéanamh ar struchtúr agus beartais ghaolmhara na hOllscoile, lena n-áirítear athbhreithníú ar fhórálacha Acht 1929 i gcomhthéacs bhuní Acadamh na hOllscolaíochta Gaeilge mar struchtúr a bheadh freagach as an straitéis forbartha a chur i bhfeidhm do ról na Gaeilge san Ollscoil.

- Athbhreithníú ar na nósanna imeachta agus beartais ábhartha Ollscolaíochta sa réimse seo a thabhairt chun críche, lena n-áirítear – i gcomhthéacs cur i bhfeidhm na struchtúr faofa d'Acadamh na hOllscolaíochta Gaeilge agus oibríú i gcomhar leo sin – athbhreithníú ar fhórálacha Acht 1929

economic, cultural and linguistic life of their communities and of the country. Intrinsic to the University's vision in this area is the development of a third-level education model that can be emulated by other minority language communities as a vehicle for their sustainable development.

The successful implementation of this development strategy calls for a full consideration of the University's related structures and policies, including a review of the provisions of the 1929 Act in the context of the establishment of Acadamh na hOllscolaíochta Gaeilge as the body responsible for the implementation of the development strategy for the role of the Irish language in the University.

5.2 Support Teaching through Irish

Academic Departments which currently provide programmes through the medium of Irish and Departments which wish to introduce new Irish-medium programmes will be facilitated and supported. This will include the provision of translation support for the development of course material, and the encouragement of co-operation between departments and Acadamh na hOllscoileachta Gaeilge with a view to maximising the use of the Irish language in the core activities of the University.

Actions to Support Teaching through Irish

5.3 Tacú le Campas Dátheangach a Fhorbairt

Chomh maith leis sin, aithnítear, áfach, go bhfuil go leor mac léinn agus ball foirne ann nach bhfuil rannpháirteach go difreach i gníomhafochtai an Acadamh ach ar mian leo an deis a bheith acu páirt a ghlaicadh i gníomhafochtai Gaeilge ar an gcampas. Chun éascafocht a dhéanamh lena aghaidh sin, leanfaidh an Ollscoil iurthi ag tacú le feabhsúchán ar scleanna Gaeilge agus ar oiliúint Gaeilge na gcomhaltaí foirne agus na mac léinn agus déanfaidh sí gníomhafochtai Gaeilge ar an gcampas ina ionláine a éascú.

5.3 Support the Development of a Bilingual Campus

The implementation of plans for the establishment and development of Acadamh na hOllscolaiochta Gaeilge will be central to the University's strategy for creating an exemplary bilingual campus. In addition, however, it is recognised that many students and staff members not directly involved in the Acadamh's activities will also wish to have an opportunity to participate in Irish-language activities on campus. To facilitate this the University will continue to support improvement of Irish-language skills, and Irish-language training of staff and students, and facilitate Irish-language activities on a campus-wide basis.
